A PLACE SET APART FOR YOU

GOD IS WITH YOU IN THE WILDERNESS.

In Exodus, God was with the ancient Israelites through every stage of their wilderness journey, from their slavery in Egypt, through the Red Sea, and all the way to the Promised Land.

He's with us today too! We might not be in the same wilderness as the Israelites, but their story foreshadows the gospel story: if you place your faith in Jesus, He will free you from slavery to sin, guide you through life's struggles, and lead you to eternal life. He promises to be with you at every stage of your journey, all the way through the wilderness.

WRANGLER IN TRAINING (WIT)

Campers are more involved in morning chores, grooming, and tacking. Your son or daughter will enjoy group riding lessons, scenic trail rides, and "barn time" designed to teach safety, horse care, and equine terminology.

During the week, barn staff will correlate spiritual truths with horsemanship.

Campers must have attended one of our "Horse Camps" before attending Wrangler in Training Camp.

SPECIALTY CAMPS

GRADES 4-12

Hidden Acres has two main types of summer camps: RESIDENTIAL and SPECIALTY.

The rest of the camps in this book are SPECIALTY CAMPS. On Monday through Thursday, specialty campers participate in a focused activity (airsoft, horses, basketball, fishing, etc.) for 2-3 hours.

The rest of the time, specialty campers will have plenty of opportunities for good old camp fun like swimming, all-camp games, the climbing tower area, the lake, and more. So don't worry - your camper won't be missing out on classic camp activities if they attend a Specialty Camp at Hidden Acres!

ADVANCED WILDERNESS

GRADES 7-8 | BOYS

Advanced Wilderness is a specialty camp for young men who love being in God's beautiful creation. This camp is not for the "casual camper." This week will test the skills and endurance of each young man. It will be fun and challenging!

At the beginning of each week, campers will receive a personal tent and a day pack. GPS will be used to find supplies, tools, and the day's campsite location. A good amount of hiking can be expected! Campers will learn and practice survival skills daily to aid them in their outdoor living environment. Most meals will be cooked over the fire. Conditions permitting, campers will finish the week with an overnight kayak trip down the Boone River, staying at Bell's Mill campground.

Our goal is that campers would learn more about God through chapels and devotions while gaining a greater passion for the outdoors and useful skills for the future. This camp requires a high level of physical endurance. Your son will need to be willing and able to fully engage in all activities. Don't forget to pack sunscreen!
